TUE PRIVACY NOTICE

This Notice describes the personal information processing that will occur in connection with your submission of a TUE Application.

TYPES OF PERSONAL INFORMATION (PI)

- The information provided by you or your physician(s) on the TUE Application Form (including your name, date of birth, contact details, sport and discipline, the diagnosis, medication, and treatment relevant to your application); • Supporting medical information and records provided by you or your physician(s); and
- Assessments and decisions on your TUE application by World Athletics, ADOs (including WADA) and their TUE Committees and other TUE experts, including communications with you and your physician(s), relevant ADOs or support personnel regarding your application.

PURPOSES & USE

Your PI will be used to process and evaluate the merits of your TUE application in accordance with the International Standard for Therapeutic Use Exemptions. In some instances, it could be used for other purposes in accordance with the World Athletics Anti-Doping Rules, the International Standards, and the anti-doping rules of ADOs with authority to test you. This includes:

- Results management, in the event of an adverse or atypical finding based on your sample(s) or the Athlete Biological Passport; and
- In rare cases, investigations, or related procedures in the context of a suspected Anti-Doping Rule Violation (ADRV).

TYPES OF RECIPIENTS

Your PI, including your medical or health information and records, may be shared with the following:

- ADO(s) responsible for making a decision to grant, reject, or recognize your TUE, including World Athletics, as well as their delegated third parties (if any). The decision to grant or deny your TUE application will also be made available to WADA and ADOs with testing authority and/or results management authority over you.
- World Athletics authorized staff.
- WADA authorized staff.

- Members of the TUE Committees (TUECs) of World Athletics, each relevant ADO, and WADA; and
- Other independent medical, scientific, or legal experts, if needed.

Note that due to the sensitivity of TUE information, only a limited number of World Athletics, ADO and WADA staff will receive access to your application. World Athletics and ADOs (including WADA) must handle your PI in accordance with the International Standard for the Protection of Privacy and Personal Information (ISPPPI). You may also consult the [AIU Privacy Notice](#) to obtain more details about the processing of your PI.

Your PI will also be uploaded to ADAMS by World Athletics so that it may be accessed by other ADOs and WADA as necessary for the purposes described above. ADAMS is hosted in Canada and is operated and managed by WADA. For details about ADAMS, and how WADA will process your PI, consult the [ADAMS Privacy and Security](#) ([ADAMS Privacy and Security](#)).

FAIR & LAWFUL PROCESSING

When you sign the Athlete Declaration, you are confirming that you have read and understood this TUE Privacy Notice. Where appropriate and permitted by applicable law, ADOs and other parties mentioned above may also consider that this signature confirms your express consent to the PI processing described in this Notice. Alternatively, ADOs and these other parties may rely upon other grounds recognized in law to process your PI for the purposes described in this Notice, such as the important public interests served by anti-doping, the need to fulfil contractual obligations owed to you, the need to ensure compliance with a legal obligation or a compulsory legal process, or the need to fulfil legitimate interests associated with their activities. Your PI will be processed in accordance with the World Athletics Anti-Doping Rules and the International Standards and processing is necessary for the purposes of the legitimate interests pursued by the AIU on behalf of World Athletics to ensure that the integrity of the sport of Athletics is protected.

RIGHTS

You have rights with respect to your PI under the ISPPPI, including the right to a copy of your PI and to have your PI corrected, blocked, or deleted in certain circumstances. You may have additional rights under applicable laws, such as the right to lodge a complaint with a data privacy regulator in your country.

Where the processing of your PI is based on your consent, you can revoke your consent at any time, including the authorization to your physician to release medical information as described in the Athlete Declaration. To do so, you must notify your ADO and your physician(s) of your decision. If you object to the PI processing described in this Notice, your TUE will likely be rejected as World Athletics and other ADOs will be unable to properly assess it in accordance with the World Athletics Anti-Doping Rules and the International Standards.

In rare cases, it may also be necessary for World Athletics and other ADOs to continue to process your PI to fulfil obligations under the World Athletics Anti-Doping Rules and the International Standards, despite your objection to such processing. This includes processing for investigations or proceedings related to ADRV, as well as processing to establish, exercise or defend against legal claims involving you, World Athletics, WADA and/or an ADO.

SAFEGUARDS

All the information contained in a TUE application, including the supporting medical information and records, and any other information related to the evaluation of a TUE request must be handled in accordance with the principles of strict medical confidentiality. Physicians who are members of a TUE Committee and any other experts consulted must be subject to confidentiality agreements.

Under the ISPPPI, World Athletics and other ADO staff must also sign confidentiality agreements, and World Athletics and other ADOs must implement strong privacy and security measures to protect your PI. The ISPPPI requires World Athletics and other ADOs to apply higher levels of security to TUE information, because of the sensitivity of this information. You can find information about security in ADAMS by consulting the response to [How is your information protected in ADAMS?](#) in WADA's [ADAMS Privacy and Security FAQs](#).

RETENTION

Your PI will be retained by World Athletics and other ADOs (including WADA) for the retention periods described in Annex A of the ISPPPI. TUE certificates or rejection decisions will be retained for 10 years. TUE application forms and supplementary medical information will be retained for 12 months from the expiry of the TUE. Incomplete TUE applications will be retained for 12 months.

CONTACT

For questions or concerns about the processing of your application please consult the [TUE Application section](#) of the AIU website. Alternatively contact tue@athleticsintegrity.org.
